PARAGRAPH	AMENDMENT
	New ownership

**1. SCOPE**

- 1.1** This Directive has relevance to all Bournemouth Airport Employees, Service Partners, Contractors and Tenants, working within the Terminal or Airside areas.

**2. PURPOSE**

- 2.1** Bournemouth Airport recognises that employees may choose to use Electronic Smoking Devices, as a replacement for smoking standard cigarettes.

This instruction seeks to notify all Bournemouth Airport Employees, Service Partners, Contractors and Tenants, working within the Terminal or Airside areas; that all regulations applying to those areas, defined as strictly No-Smoking areas, will also apply to Electronic Smoking Devices.

This measure has been taken to avoid the risk of the use of Electronic Smoking Devices being mistaken for actual smoking products and leading to the belief that smoking is permitted in areas where it is banned under current smoking legislation.

**3. PENALTIES**

- 3.1** Any Bournemouth Airport Employee, Service Partner, Contractor or Tenant found smoking or using an Electronic Smoking Device in an Airside prohibited area will be subject to Bournemouth Airport's Safety Regulation Scheme and could result in the removal of Airside access.

**4. ENQUIRIES**

- 4.1** Any enquiries regarding the content of this AOI should be addressed to the Managing Director on telephone number 01202 364174.
